tastes good

NATIONAL SUPPORT CENTRE FOR AGRICULTURE

(KOWR) is a state-owned institution supervised by the Ministry of Agriculture and Rural Development. It was established to support agri-food producers and exporters and the development of innovative agriculture, as well as to improve the quality of life in rural areas. The role of the KOWR is to build a positive image and recognition of Polish agri-food products abroad under the slogan "POLAND TASTES GOOD." The KOWR supports Polish entrepreneurs in the agri-food industry in their efforts to expand into new markets by organizing trade missions and national stands at food trade fairs abroad.

A red circle containing the slogan "Poland tastes good" in a white, cursive font. The background of the page features a stylized landscape of rolling hills in various shades of green.

CANPRO

We would like to invite you to take a look at Canpro's canned meat, corned beef and canned ready meals. We are proud of the high standard of our products. Canpro's products meet all European requirements. We make a priority of ensuring that the quality of our services is always at the highest level. The product we create will make it easier and quicker to prepare tasty dishes.

Our special recipe ensures that our products are well-seasoned and do not lose their flavour. A unique ratio of salt gives our products their distinct taste and aroma most loved by our consumers. Even when stored for a long time, our corned beef remains delicious and full of flavour, making it a great addition to any meal.

We are open for private label projects.

GOODVALLEY

Since  1994

GOODVALLEY

GOODVALLEY is an agricultural company with Scandinavian roots. Since 1994 we have been specializing in pork production. All of our activities are guided by good breeding practices and care for the environment. We carefully prepare all stages of the production process, so that we can make sure that the meat we offer is of the highest quality. Goodvalley is also a zero-waste company. We give second life to everything we produce, which is why we have constructed several biogas plants to reduce our carbon footprint. All our meat comes from pigs that were raised in our own farms and fed from our own crops. Our products are already appreciated in many countries from all over the world, such as the USA, Canada, Singapore, New Zealand, Vietnam, Hong Kong, South Korea, Western Africa, Haiti and many European countries.

MASPEX

MASPEX is the largest Polish private company in the food industry and one of the largest ones in Central and Eastern Europe. The B2B sales department is responsible for cooperation with institutional customers from Poland as well as foreign companies. Our customers include international food corporations, leading yoghurt producers and companies from the confectionery and convenience sector. When working with business customers, we try to adjust our offer to their needs as precisely as possible or to create products according to the special requirements of specific contractors. Maspex uses state-of-the-art production technologies. As a result, our products are distinguished by their excellent quality, which is achieved thanks to the best raw materials, high-class technology, as well as experienced and highly-qualified employees. As the B2B department we offer sugar conclusions for international manufacturers of chocolate, yoghurt and ice cream. We offer sugar candy beans, decorative sugar, coated extrusion, extrusion and fruit powders.

MicroBlic®

MICROBLIC

MICROBLIC is a company that started in 2019 with scientific research in biotechnology. The company is located in the Poznań Science and Technology Park, and its branch is situated in Płusy in the Lublin voivodship. The Mel Pulveris product line, which is a dietary supplement based on honey powder enriched with natural fibre of plant origin, is an innovation in food additives. Mel Pulveris is water-soluble; one should remember that in order to keep its properties, it should be used below 38°C. However, it is also a perfect addition to yoghurt or cereal, and can be used as a sprinkle to any dish.

POLSKA RÓŻA

POLSKA RÓŻA is a producer of functional beverages, NFC juices (with health-promoting benefits), fruit syrups and rose petals preserves from Poland. Our tradition reaches 1979, when the owner's grandfather set up the company. He was struggling with vitamin C deficiencies and after years of trying different treatments, he found rosehips and prepared rosehip juice. It is now well-known for the natural vitamin C content – 450 mg in 100 ml of the juice. We have been constantly developing since 1979, introducing new products to our offer and new markets. We are distinguished by high-quality products, competitive prices and many years of experience. In addition to the processing plant, we also own an organic rose plantation, from where we obtain rose petals and fruits.

SPACEFRUITS

SPACEFRUITS is an innovative brand offering environmentally-friendly freeze-dried technology for fruits and vegetables from conventional and organic farming. We own a modern production plant equipped with devices for: drying, powdering, fruit pulp processing, freezing, packaging (doypack, flowpack) and product detection/control methods (X-ray, metal, optical). In our laboratory, we control current production and create new flavors of healthy snacks based on fruit pulps and powders according to customer requirements.

HEALTHY SNACK is a line of products based on advanced production technology that makes it possible to preserve the natural taste and nutritional value of food. The brand promotes healthy and safe products that are not only protected against spoilage, but also preserve their nutritional value. Its main goal is to provide consumers with food that fuels the body instead of merely satisfying the hunger.

FREEZE-DRIED FRUIT CRISPS are an ideal addition to your daily menu. They are rich in vitamins and nutrients, as well as very tasty. You can add them to yogurt, milk, muesli, desserts or eat them alone. They are a great snack for any fruit lover. They contain a large amount of vitamins and minerals – just like the fruit they are derived from. Fruit crisps are perfect as a gift for your loved ones and as an addition to your daily diet.
